

TechCorp Solutions — Annual Financial Report FY 2024

Executive Summary

FY 2024 was a landmark year for TechCorp Solutions. The company reported its highest-ever revenue of **₹45 Crore**, representing a 32% year-over-year growth from **₹34.1 Crore** in FY 2023. EBITDA margin improved to 28% (**₹12.6 Crore**) from 22% in the prior year, driven by operational efficiency initiatives and a favourable product mix shift toward high-margin SaaS offerings.

Net profit after tax stood at **₹8.5 Crore**, up 41% YoY. The company ended FY 2024 with **₹14 Crore** in cash and equivalents, providing a strong runway for planned expansion into the US and Southeast Asian markets in FY 2025.
